"Have Your Say Caledon" Parking Survey Questionnaire

The Town of Caledon has initiated a Parking Strategy Study for the Southfields Village Community to address a high residential parking demand which has resulted in an increase in on-street parking, vehicles being parked on aprons with vehicles either parked parallel to the sidewalk or parked with vehicles overhang onto sidewalks and the roadways. The Study will identify actions, programs, and strategies to address the increased residential parking demand while minimizing negative impacts on the community.

Your input will help the Town develop parking management approach that will form the basis of the Parking Strategy for Southfields Village.

Thank you for your input! Comment Period closes on October 3, 2024

The information collected will be used for the Study in accordance with the Freedom of Information and Protection of Privacy Act. Except for personal information, all comments will become part of the public record of study. Questions about this survey can be directed to Imran Salam at imran.salam@caledon.ca.

Please provide your **contact information**, so the Project Team can provide response to the comment(s) or contact you, in case any clarification on comment is necessary.
